Practice Log

Yellow cells are yours to fill in (Date, Paper, Round, Score, Max, Minutes, Notes). Row 5 is an example - overwrite it. Percent is calculated.

Date	Paper	Round	Score	Max	Percent	Minutes	Notes
2026-11-12	BMT 2025 (example row)	General	14	25	56.0%	90	Ran out of time on 20-25

Progress by Round

Calculated from the Practice Log. Blank until you log a paper for that round.

Round	Papers logged	Average %	Best %	Official max	Official time (min)
General	1	56.0%	56.0%	25	90
Focus - Algebra	0			10	60
Focus - Geometry	0			10	60
Focus - Discrete	0			10	60
Focus - Calculus	0			10	60
Guts	0			27	75
Power	0			varies	90

Problem counts and times: see 02_BMT2026_Format_and_Scoring.xlsx (third-party sourced; verify).

Topic Mastery

Rate yourself 1 (lost) to 5 (automatic) in the yellow column. Weight: High=3, Medium=2, Low=1 (edit in H5:H7). Study priority = weight x (5 - rating); work the highest numbers first. Example ratings are filled in - replace them.

Subject	Topic	Priority	My rating (1-5)	Study priority
Algebra	Polynomials & Vieta	High	3	6
Algebra	Equations & systems	High	3	6
Algebra	Inequalities & optimization	High	3	6
Algebra	Sequences & series	High		
Algebra	Functions & functional equations	Medium		
Algebra	Complex numbers	High		
Algebra	Logarithms & exponents	Medium		
Algebra	Trigonometry (algebraic)	Medium		
Geometry	Triangles	High		
Geometry	Circles	High		
Geometry	Similarity & ratios	High		
Geometry	Coordinates & vectors	High		
Geometry	Trigonometry in geometry	High		
Geometry	Polygons & area	Medium		
Geometry	3D geometry	Medium		
Geometry	Transformations & advanced tools	Low		
Discrete - Combinatorics	Counting basics	High		
Discrete - Combinatorics	Inclusion-exclusion & bijections	High		
Discrete - Combinatorics	Recursion	High		
Discrete - Combinatorics	Probability & expected value	High		
Discrete - Combinatorics	Pigeonhole, invariants, games	Medium		
Discrete - Combinatorics	Graph theory basics	Medium		
Discrete - Combinatorics	Generating functions	Low		
Discrete - Number Theory	Divisibility & primes	High		
Discrete - Number Theory	Modular arithmetic	High		
Discrete - Number Theory	Diophantine equations	Medium		
Discrete - Number Theory	Arithmetic functions & valuations	Medium		
Discrete - Number Theory	Bases & digits	Medium		
Calculus	Limits	High

Study Plan

Two tracks: a final-48-hours plan for the in-person event (Nov 14) and a three-week plan for BMT Online (Dec 5). Dates are in cells B5 and B6 - change them and the countdown follows.

Item	Value / When	What to do	Time
In-person date	Sat, Nov 14, 2026		
Online date	Sat, Dec 5, 2026		
Days to in-person	2	Negative once the event has passed	
Days to online	23		
FINAL 48 HOURS	Thu Nov 12	One timed test in your chosen format (General, or two Focus) from BMT 2025. Mark it, then redo every miss without the clock	2.5 h
FINAL 48 HOURS	Thu Nov 12	Team: skim one past Power Round together; agree roles (scribe, checker, who takes which section)	45 min
FINAL 48 HOURS	Fri Nov 13	Light review only: formula sheet for your two subjects, 10 quick problems, Guts roles and set pacing (about 8 min per set)	1 h
FINAL 48 HOURS	Fri Nov 13	Logistics: waivers signed, read the logistics email for buildings, pack pencils, eraser, ruler/compass, water, lunch, a layer. Sleep	30 min
FINAL 48 HOURS	Sat Nov 14	Arrive by about 8:00 AM. No new material	
ONLINE - Week 1	Nov 14 - 20	Diagnostic: BMT 2024 individual tests timed. Fill in Topic Mastery. Two topic drills from your highest study-priority rows	5-6 h
ONLINE - Week 2	Nov 21 - 27	Power Round week: one archived Power Round as a team with full write-ups; proof-technique review. Register by Nov 27	5-6 h
ONLINE - Power	Nov 28 - 29 (reported)	Asynchronous Power Round weekend - confirm the dates on ContestDojo	90 min
ONLINE - Week 3	Nov 30 - Dec 4	BMT 2025 full mock incl. a timed 75-minute Guts as a team; fix weak topics; light day on Dec 4	5-6 h
ONLINE - Event	Sat Dec 5	Live Guts and Focus/General rounds
